

# AEROMET JUST WENT BIG TIME!

## INTRODUCING THE RYAZAN CNC LATHE

We're expanding our production capabilities with the installation of a new Ryazan CNC Lathe.....  
one of the biggest in the Midwest.

### BIGGER JOBS

Maximum capacities of 67" diameters, 433" lengths,  
handling up to 50,000 lbs.

### BIGGER PRECISION

Assured tolerance levels and specification fits.  
Clear swing between centers without steadying equipment.

### BIGGER EFFICIENCIES AND VALUES

Production time reduced up to two thirds. Substantial savings in time and money.
